AN ORDINANCE relating to the City of Seattle's solid waste system, prohibiting the use of expanded polystyrene food service containers, requiring food service businesses to transition from disposable plastic food service ware to compostable and recyclable alternatives, and amending Seattle Municipal Code Chapter 21.36.

WHEREAS, the Washington State Legislature in RCW 70.95.010(8)(a) established waste reduction as the first priority for the collection, handling, and management of solid waste; and

WHEREAS, the Washington State Legislature in RCW 70.95.010(4) found that it is "necessary to change manufacturing and purchasing practices and waste generation behaviors to reduce the amount of waste that becomes a governmental responsibility"; and

WHEREAS, the Washington State Legislature in RCW 70.95.010(6)(c) found that it is the responsibility of city governments "to assume primary responsibility for solid waste management and to develop and implement aggressive and effective waste reduction and source separation strategies"; and

WHEREAS, in 2007 the City Council adopted, the Mayor concurring, Resolution 30990, which reaffirmed the City's 60% recycling goal and set a longer-term goal of 70% recycling along with targets for waste reduction; and

WHEREAS, Resolution 30990 called for studies on how to reduce Seattleites' use of hard-to-recycle materials, many of them plastics, and specifically required Seattle Public Utilities ("SPU") to propose strategies, including bans, to discourage the use of disposable food service containers and food service ware; and
WHEREAS, SPU has completed the first of those studies, finding that the production, use and disposal of expanded polystyrene food service products and disposable food service ware have significant adverse impacts on the environment and that compostable or recyclable alternative products are available; and

WHEREAS, costs associated with the use and disposal of expanded polystyrene food service products and disposable food service ware in Seattle creates burdens on the City's solid waste disposal system; and

WHEREAS, to discourage and decrease the use of certain expanded polystyrene food service products and disposable food service ware in the city, it is necessary to regulate such use; and

WHEREAS, it is in the best interest of the health, safety and welfare of the people that regulations prohibit the use of certain expanded polystyrene food service products and disposable food service ware to reduce the cost of solid waste disposal by the City and to protect the environment; and

WHEREAS, Seattle has become a national leader among cities in green house gas reduction and seeks to further that effort through waste reduction and increased recycling; NOW, THEREFORE,
